

Wentworth Smart Academic Planner

AI-powered academic planning and schedule recommendation system

Transcript Parsing

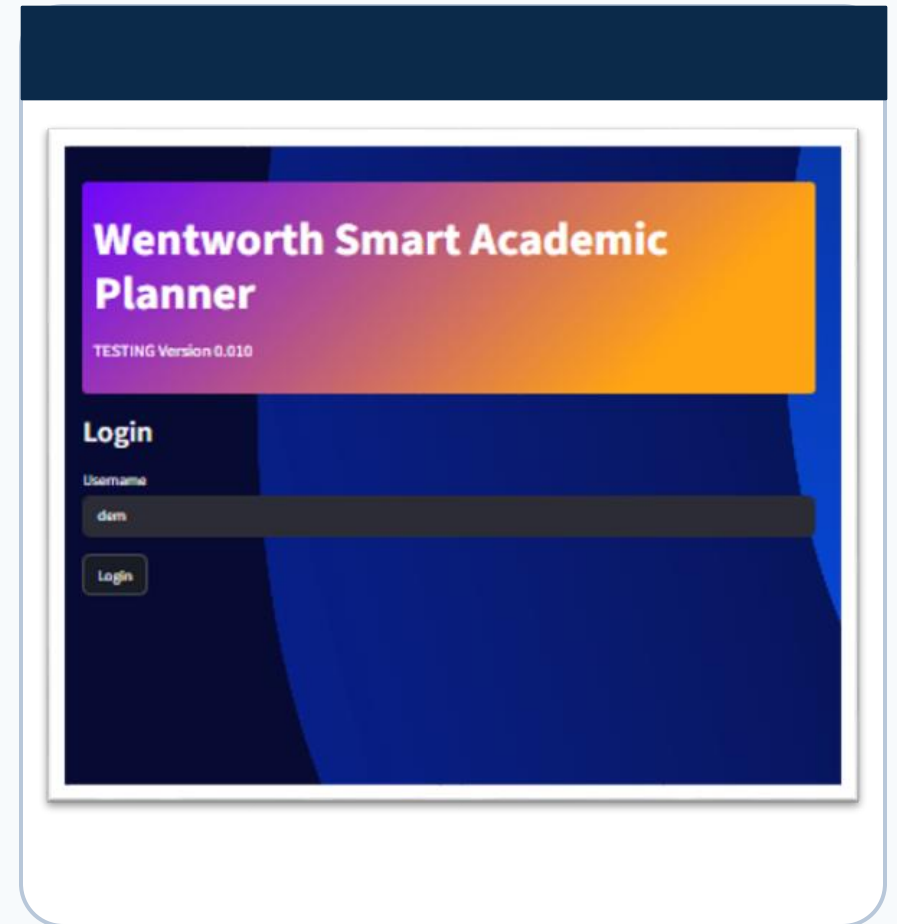

Degree Progress

Schedule Builder

AI Curriculum Map

Ibukunoluwa Folajimi & Ben N Le

Department of Computer Science
Wentworth Institute of Technology

Project Goal & Final Product

What problem are we solving?

The Planning Problem

Students manually review transcripts and degree requirements
Prerequisites and electives are easy to misread
Course conflicts can delay registration and graduation

Final Product

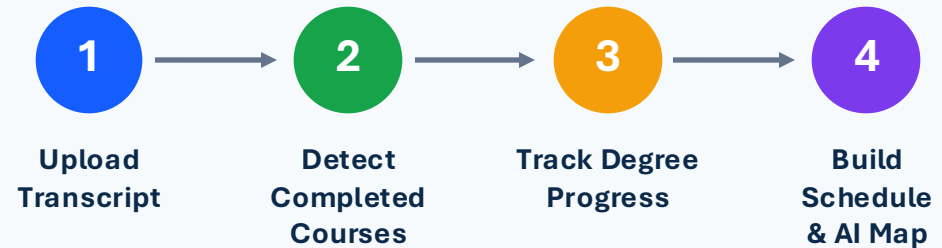

A web application that reads transcripts, tracks completed courses, checks eligibility, builds schedules, and recommends future semesters.

FastAPI Backend

Streamlit Frontend

OpenAI API

From transcript to graduation plan

Main Features

1

Transcript Upload

PDF/DOCX transcript parsing detects completed courses and filters in-progress courses.

Completed

2

Degree Progress

Tracks remaining required courses and elective credit categories.

Completed

3

Schedule Builder

Shows eligible courses, checks prerequisites, and detects schedule conflicts.

Completed

4

AI Curriculum Map

Generates a semester-by-semester plan based on remaining requirements.

Completed

Ibukunoluwa Folajimi

FastAPI backend and API endpoints

Transcript parser and degree progress logic

OpenAI curriculum-map integration

Testing, debugging, documentation

Ben Le

Streamlit frontend layout and styling

Login, course selection, and schedule pages

Calendar interface and schedule visualization

Frontend integration and UI improvements

Final Status

Finished: backend APIs, transcript parsing, progress tracking, AI map

Finished: login, course selection, schedule builder, calendar view

Remaining: visual polish, additional transcript edge-case testing

Remaining: final demo preparation and deployment option

Minor Improvements Before Final

Test more transcript formats and edge cases

Finish final documentation and presentation demo

Optional: improve deployment of the application for public access

Questions?

Thank you!
